[1-st information letter](#)

Dear colleagues,

We are happy to inform you that the **14th Russian Gravitational Conference - International Conference on Gravitation, Cosmology and Astrophysics – RUSGRAV-14** will be held in Ulyanovsk, Ulyanovsk State Pedagogical University, **from June 27 to July 2, 2011**. Traditionally such conferences, which are organized by the Russian Gravitational Society every 3 years, are hosted by different Russian universities or research institutes. Scientists from all Russian groups working in these fields make their reports on achieved results. Many foreign scientists participate as well. Parallel to RUSGRAV-14 we plan to hold the **4th Ulyanovsk International School-Seminar on Theoretical and Observational Cosmology – UISS-2011**.

The program of the conference and the school-seminar will include plenary talks and sectional reports, posters and informal discussions on such issues as: the latest developments in the theory of gravitation; quantum gravity and cosmology, theories with extra dimensions, theoretical and observational cosmology and astrophysics; gravitational experiments; fundamental constants and related topics.

The working languages are **Russian and English**.
